## **COACH TO PLAYER RATIO**

As recommended by The FA & the local county FA guidelines

Tiki Taka Football Academy adheres a coach to player ratio of 1 – 16 this is set as a guideline, so the players will have more one to one quality coaching time.

This Ratio is decreased to 1 coach per 8 children for teams and players under 8 years of age.

The benefits are, that the players will learn new techniques, skills, and drills at a faster rate than those with a higher ratio than 1 – 16.
